Skills

Body Language

- Facial expressions as smiling, frowning, raising eyebrows.
- Gestures like hand movements, nodding.
- Posture standing tall not looking nervous, slouching and leaning in.
- Movements as the way you walk and move.
- Eye contact by looking directly and avoiding gaze.
- Avoid Pointing.

Tone of Voice

- **Clarity** : Speak clearly so every word is understood.
- **Pace** : Maintain a steady speed; avoid speaking too fast or too slow.
- **Pauses** : Use pauses to emphasize key points and give the audience time to absorb information.
- **Pitch & Intonation** : Vary your voice tone to keep the audience engaged (avoid sounding monotone).

Tone of Voice

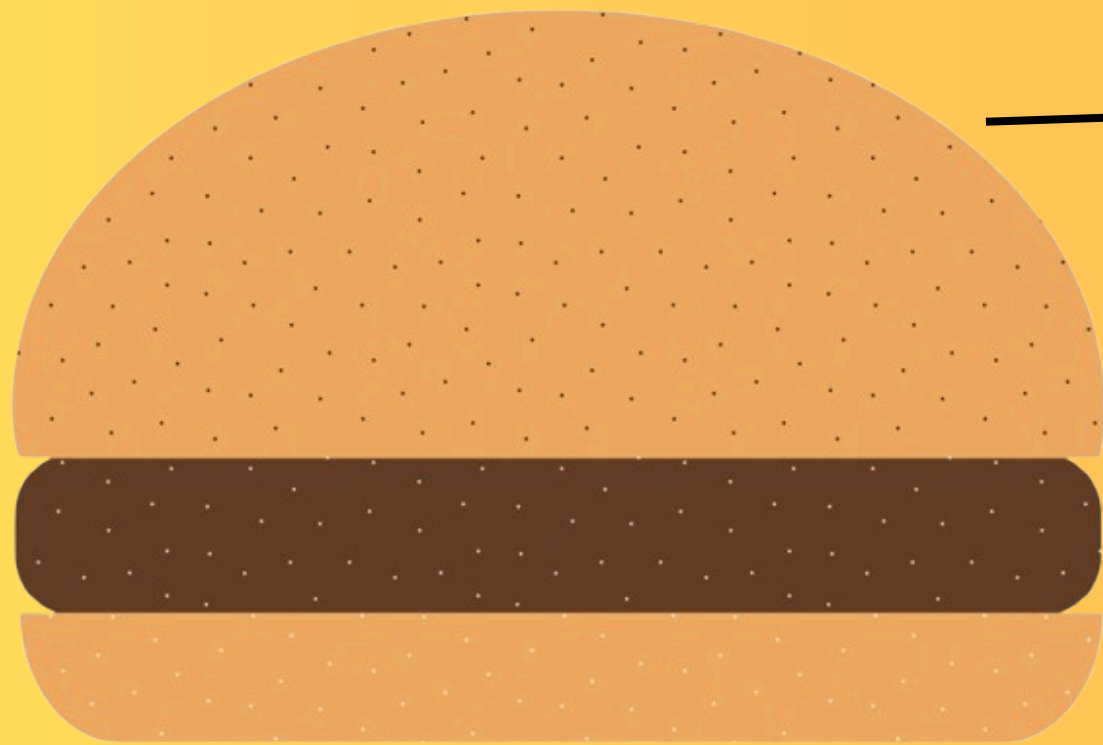

- **Volume** : Adjust your voice so it's audible to everyone without shouting.
- **Emphasis** : Stress important words to highlight your message.
- **Warmth & Confidence** : Use a friendly but confident tone to build trust.

What is Public Speaking

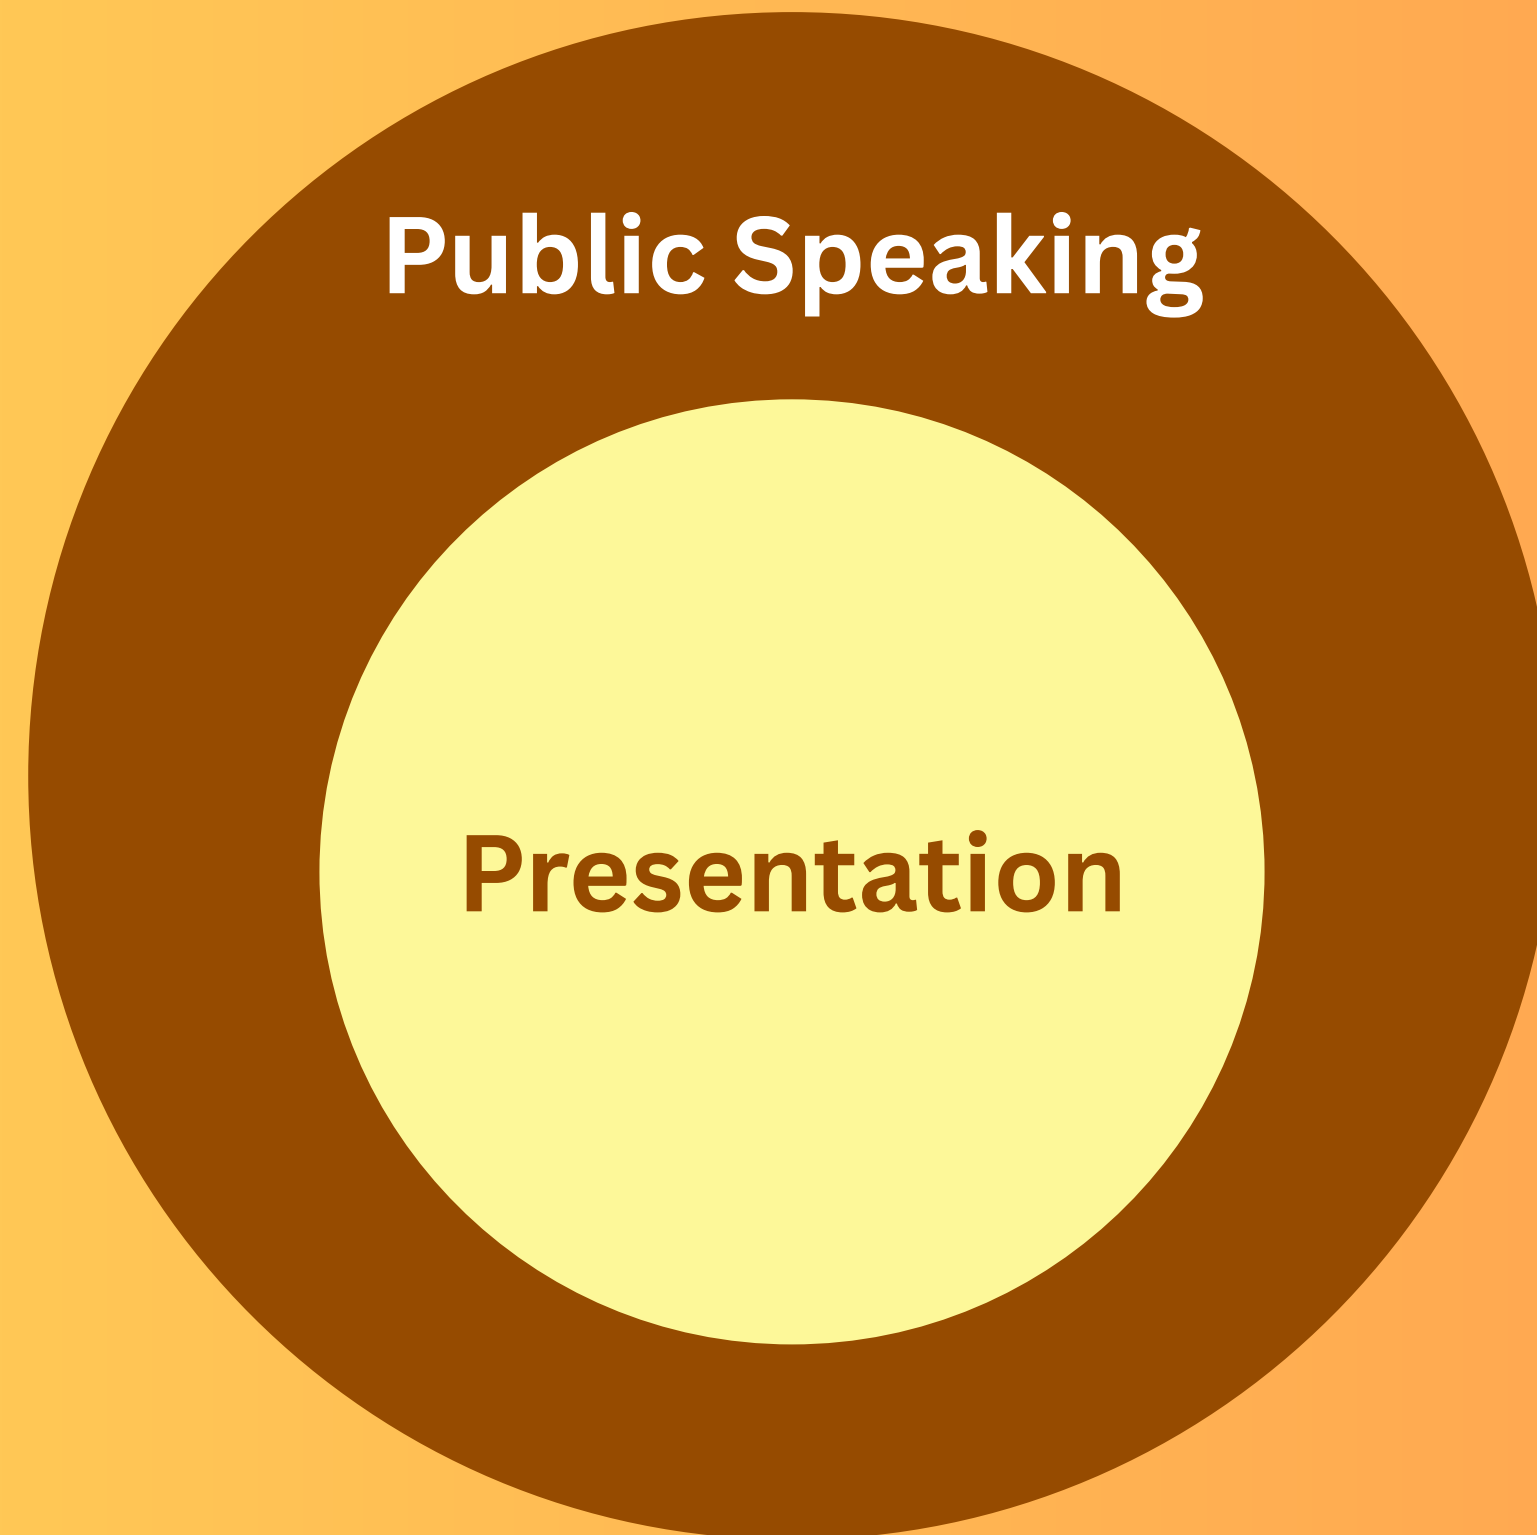

Public Speaking :Speaking in front of an audience to inform, persuade, or inspire

Examples:

- Giving a speech
- Presenting in an event
- Pitching an idea

Presentation vs Public Speaking

How To Be Good Public Speakers ?

Speaker → Confidence, voice, body language (previous session)

Message → Clear, simple, inspiring

Audience → Understand them & connect with them

Message

clear

Your message should be easy to understand, no complicated words or long sentences.

Example: Instead of saying “utilize effective communication strategies”, say “use good communication skills”.

Message

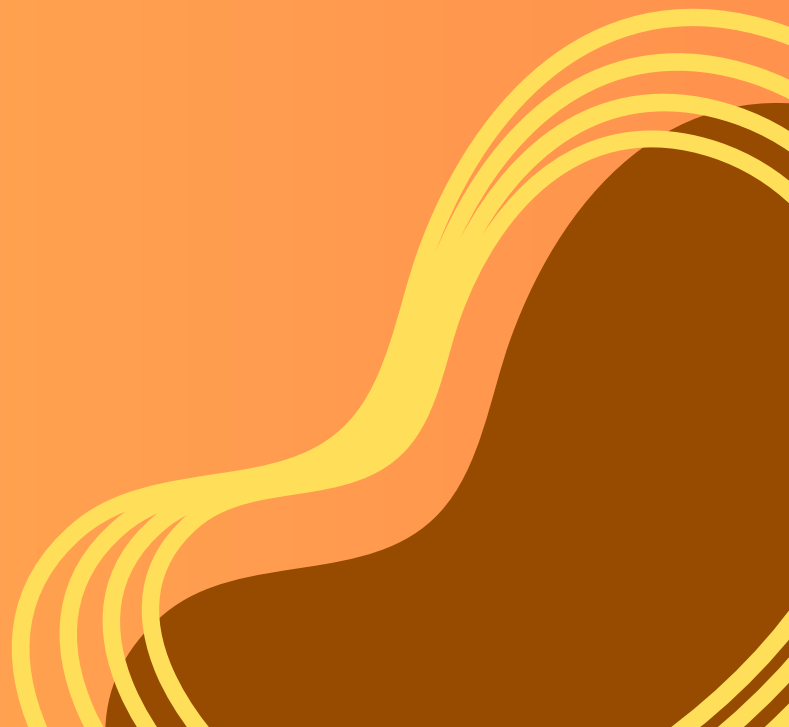

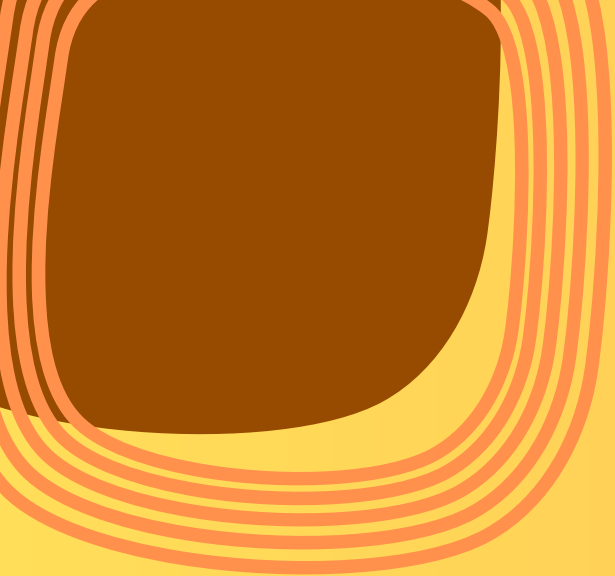

Simple

Focus on one main idea at a time. Don't add too many details that confuse the audience.

Inspiring

Make your message interesting and attention-grabbing, tell a story, ask a question, or give a real-life example.

Audience

How to understand them ?

Know Who
They Are ?

Know What
They
Expect?

Connect
Emotionally

Watch Their
Reactions

Audience

Know Who They Are ?

- Who are they? (students, professionals, beginners...)
- How old are they?
- What do they already know about your topic?

Audience

Know What They Expect?

- Why are they here?
- What do they want to learn or get from you?
- Are they looking for information, motivation, or fun?

Audience

Connect Emotionally

- Share a story they can relate to.
- Speak with passion, it inspires others.
- Smile, make eye contact, and be genuine.

Audience

Watch Their Reactions

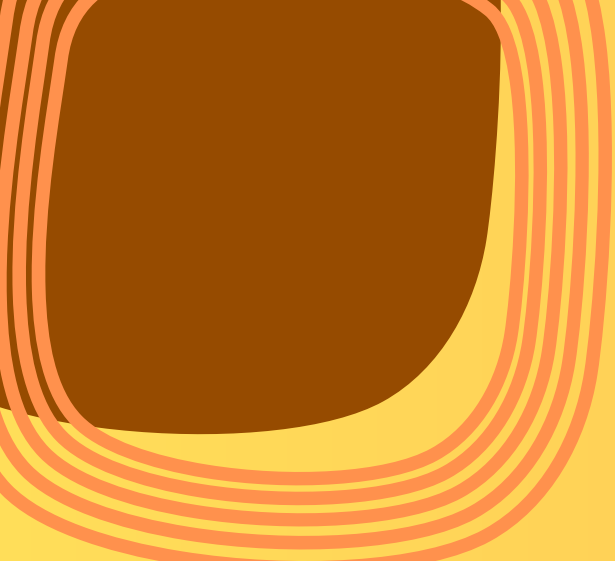

- Faces: Are they interested or bored?
- Body language: Are they engaged or distracted?

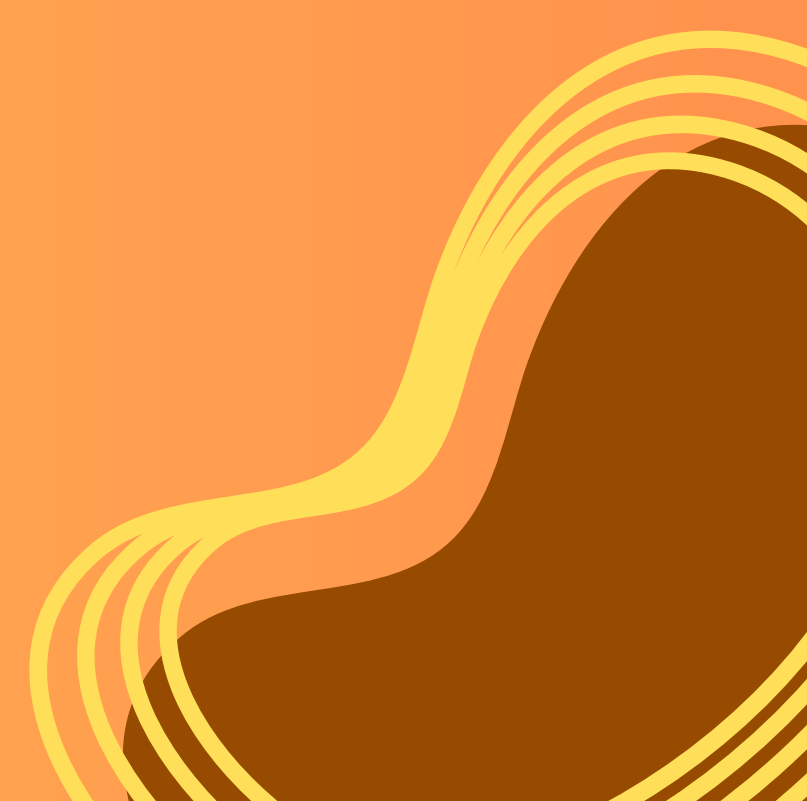

Then adjust , speak faster, slower, or add an example if needed.

**What Should You Do When
the Audience Starts Talking ?**

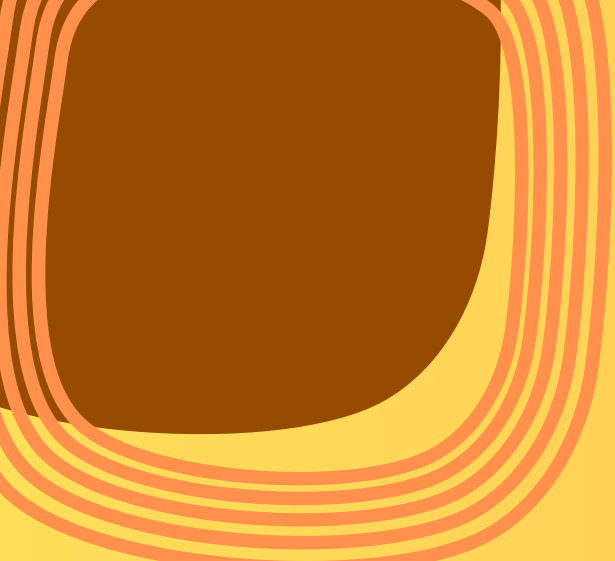

- 
- Pause and stay silent for 3 to 5 seconds.
 - Change your tone or pace
 - Use polite control phrases
 - Move closer to the noise
 - Ask a question near the group that's talking"

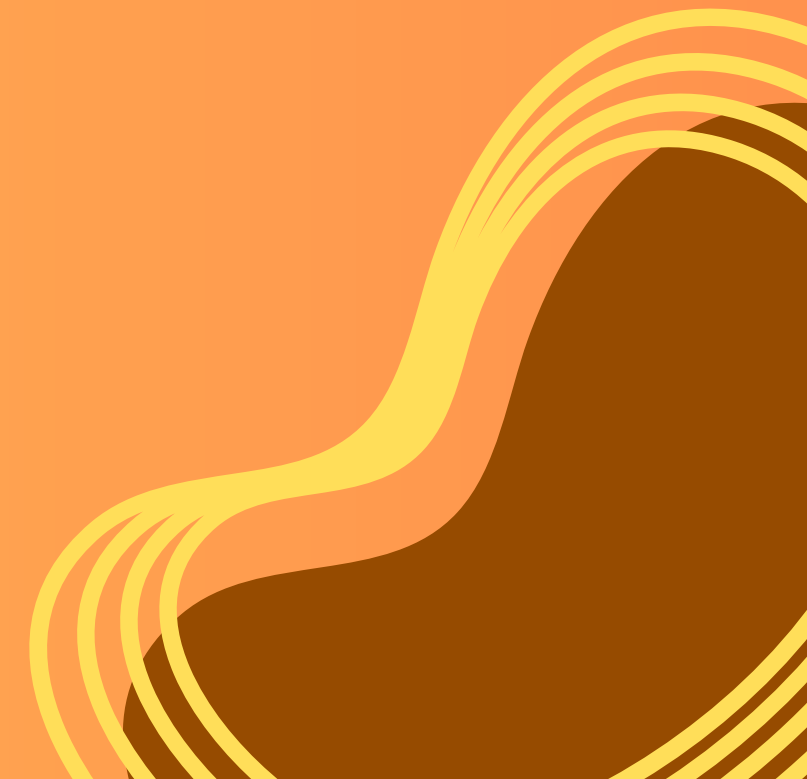

**How to speak in front of
people without fear ?**

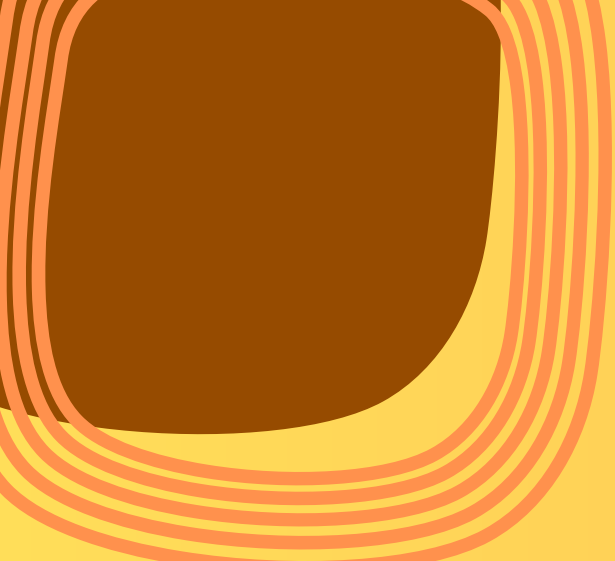

Why do we get afraid?

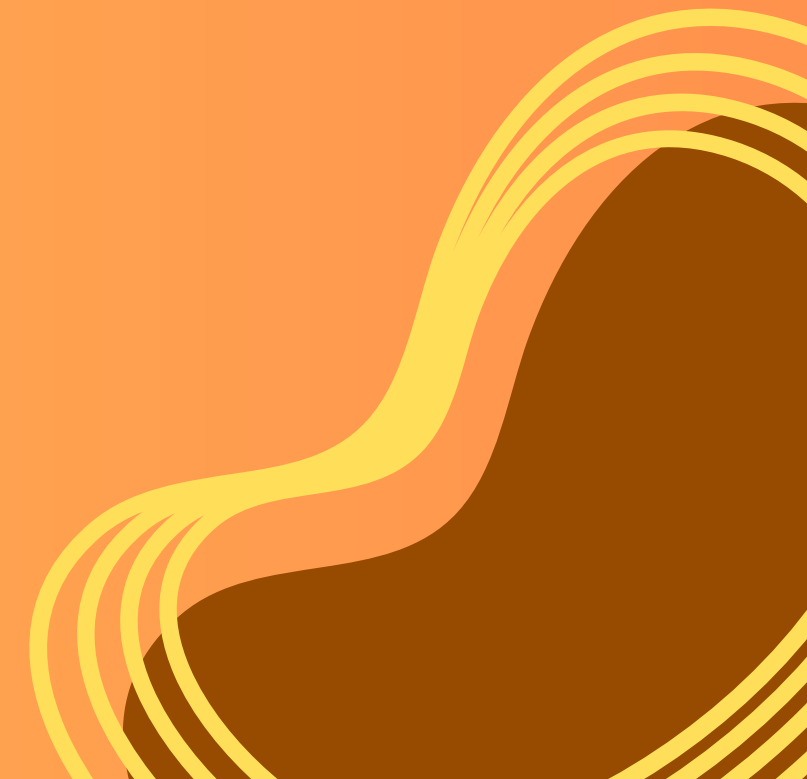

- Fear of people noticing your nervousness
- Afraid of forgetting what to say
- Fear of being judged
- Afraid of poor preparation

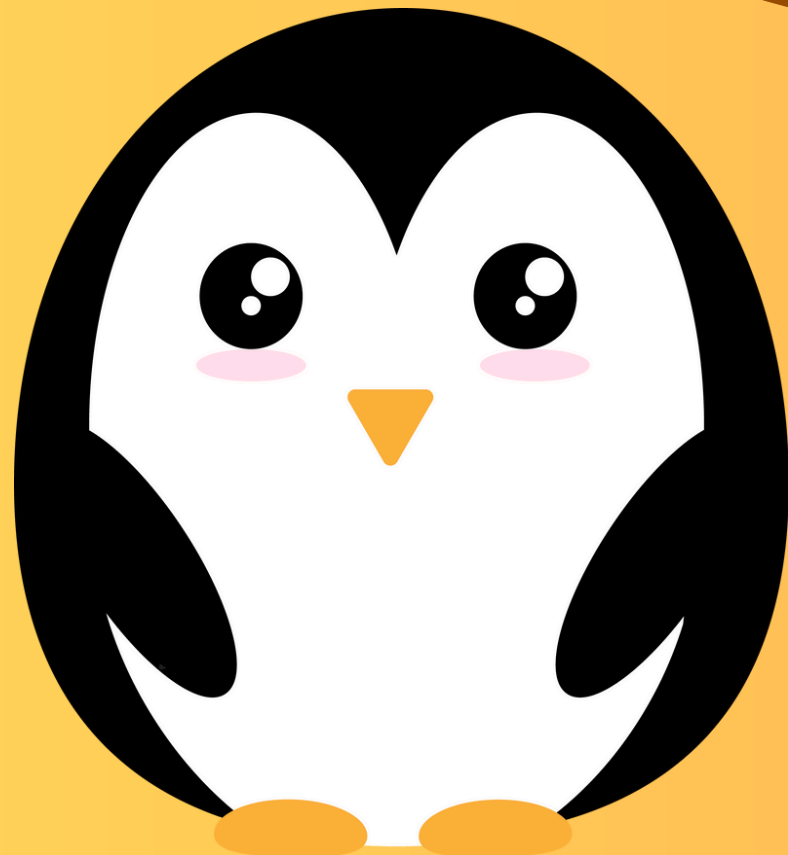

How to fix it ?

- No one notices your nervousness
- People don't know what you'll say
- You are the leader of the presentation
- Prepare well

"If you can speak, you can influence. If you can influence, you can change lives."

Don't reinvent the wheel!

Thank You!
